To Potential Tenderers

RE: Re-Tender Request for Proposal for the Design and Supervision of the New Fire & Emergency Services Station at Faleolo.

Afioga e:

The Samoa Fire and Emergency Services Authority wishes to invite interested parties to tender for the above-mentioned project.

SFESA has reviewed the outcome of this RFP and reconfirmed the scope of services for the project and has determined to retender the RFP. SFESA has also considered cost implications for this project and for the future construction of the Faleolo Fire Station in light of current market conditions and has increased the budget available for the project accordingly.

In order to deliver services that meet SFESA's expanded core functions of providing resources to respond to fire and emergency services for the people of Samoa, the Authority is looking to develop additional infrastructure in strategic locations that will benefit response times and the quality of service to the community. This project is for the development a new Fire and Emergency Services Station at Faleolo. The main objective of this RFP is for a consultant to provide a full technical design, based on the current conceptual designs for the facility, and provide services to assist in the procurement, supervision, and management of the construction contract to deliver the project.

Bidders that are interested in this project can access the tender documentation from the SFESA Office or download it from the official website indicated in the RFP document. Submissions shall be received no later than Thursday 14th December at 11.00am.

The pre-proposal conference will be held on Thursday 23rd November 2023 at Tuanaimato USAR Facility SFESA from 11am to 2pm for further discussion and answering of any queries in relation to the Terms of Reference and tender documents.

For further information please do not hesitate to contact Lauvao Isara Iose on email Isara.iose@sfesa.ws or secretary@sfesa.ws or by phone 20404 / 20405.
