CLARIFICATION ISSUE 03

05 March, 2024

I. CLARIFICATIONS TO QUESTIONS RAISED BY BIDDERS

Item Ref.	Questions Raised	SAA/SARIP Answers
	Is it mandatory for a local business to establish a formal joint venture with an international company before placing a bid, or may they just announce their joint venture and obtain a business license when securing the bid?	The JV declaration (by all firms in the JV) is sufficient for the REoI/EoI stage, and the EoI will be assessed by weighing the qualifications and evaluation criteria of each partner. However, once the RFP is issued, all declared JV's must be a legitimate JV business that complies with all legal requirements.
