SARIP Project Manager

Clarifications Note:

No.	Queries Raised	SAA/SARIP Answers
1	<p>Pertaining to section 7.1 of Annex 2, Loudspeaker Type 1 has a requirement of an 8 ohm impedance. Now, referring to Annex 1, the Type 1 speakers requested differ - with some being 12” and 8”.</p> <p>The Annex 1 description of 12” and 8” in the Prices and Schedules for Supply contradicts section 7.1 of Annex 2, Loudspeaker Type 1 description, where it states the Type 1 Speaker shall consist ONLY of an 8” low frequency driver - with no mention of 12”. Please clarify.</p>	<p>Annex 2 has been updated to include specifications for Loudspeaker Type I – 12”.</p> <p>Annex 1 has been updated accordingly to reflect the discussions with bidders after the pre-bid meeting. Annex 1 has been amended with the quantities removed and leaving it open to the bidder to propose the right quantities that will achieve the specification requirements.</p> <p>A list of recommended numbers are attached in the PA List Spreadsheet, Tab “Req-Equip Lots”, but the bidder may propose with a suitable quantity based on their proposed system.</p>
2	<p>“Provision for recording the message in the field shall be available.” in Annex 2 section 3.3 clause iv.</p> <p>Please clarify the exact amount of recorded messages required per paging microphone.</p>	<p>The Client requests capability to record at least five (5) of up to five (5) minute recordings at each microphone.</p>
3	<p>At the Pre-Bid Meeting Site Visit of the Airport, we were shown three (3) different locations for paging microphones (Check IN counter, Gate 1 downstairs, Main control room).</p> <p>a. Is there any other locations we were not made aware of that require paging microphones?</p> <p>b. Please specify EXACTLY which locations/lots each paging microphone is required to be able to announce</p> <p>to. *For example, check in counter should be able to announce to: smoking area, departure area, security clearance.</p>	<p>A full list of existing and requested microphones and speakers are attached in the PA List Spreadsheet, Tab “Req-Equip Lots” and the zones are outlined in the Tab “Zones”.</p> <div data-bbox="874 1420 1382 1888" data-label="Image"> </div> <p>All microphones will have access to announce to all zones. The zones listed are what the speakers in that area will announce if a zone is</p>

No.	Queries Raised	SAA/SARIP Answers
		<p>pressed on the microphone. <i>Eg; pressing Ticket will announce to all areas in Lot 1, all airline rooms & the Command Centre.</i></p>
4	<p>With a short time-frame for delivery and installation, prompt mobilization of funds is a must. a. Are companies able to request deposits of up to 50% as part of their bid in order to ensure compliance with delivery schedules?</p>	<p>Yes, this can be negotiated with the successful bidder.</p>
5	<p>For the Floor plan, are you able to specifically give us the floor plan for the areas where the NEW PA System will be installed?</p> <p>For e.g. the Lots Locations?</p>	<p>This is attached separately.</p>
