Signed,

Ruseta Taaloga
SARIP Project Manager

Clarifications Note:

No.	Queries Raised/Issues	SAA/SARIP Answers
1	Quantities listed in Annex 1.	<p>The Amended RFQ issued on Thursday 06 June 2024 removed quantities required. Following advice from our WB procurement specialist and queries from other bidders, this will be amended to include the Client's proposed quantities, but the bidder may use Annex 4 to list any deviations from the proposed solution, and can propose their suggested quantities, based on the optimal performance of their proposed goods (products).</p> <p>Critical areas have been highlighted in Annex 2.</p>
2	Are there any standards that are recommended?	The technical specifications in Annex 2 have provided further clarity on the applicable standards and regulations to follow.
3	Are there any priority areas for installation?	<p>Annex 2 has identified which areas within each lot is identified as the most critical for CHOGM (early October 2024). All other areas can be completed outside CHOGM (recommencing on the final week of October 2024 onwards).</p> <p>Areas highlighted in pink are critical areas that require installation before CHOGM, and areas highlighted in blue can be installed after CHOGM.</p>
4	Delivery Dates	Delivery Dates have been amended in Annex 1 and Annex 2, to be in line with priority areas required for CHOGM, and those that can be installed after CHOGM.
